McKINLEY FIGHT IN OPEN SESSION.

Methodist Temperance Committee Will Report Its Scathing Criticism.

PRESIDENT'S FRIENDS ACTIVE.

They Have Served Notice to the General Conference That the Majority Report Will Be Combated To Day.

Chicago, Ill., May 16.—The friends of President McKinley in the Temperance Committee of the conference, who made a losing fight against the adoption of the leading paragraph in the report which condemns the President and endorses his policy, are active in the fight to have the majority report adopted.

Dr. J. E. Price of the New York conference, who submitted a minority report to the conference, will present the majority report to the conference today. It will be signed by over a score of the members of the committee, and it is said by its champions will have strong support in the conference.

The majority report of the subcommittee on all matters before it, including the criticism of the President, was adopted by the conference today, after a long fight on several paragraphs which referred to the attitude of the church on the issue of temperance. The report endorses total abstinence on the part of the members and ministers of the church, and also on the part of the laity.

In regard to the liquor traffic, it endorsed the sentiment of the Episcopal address that "it can never be regarded without sin and detestation that it is the duty of the President to the anti-temperance matter, was a eulogy of Secretary Long for banishing liquor from the American naval ships and yards.

Abstention for All Methodists. Among the recommendations made by the report is the following: "Ministers and members of our church should not become members of organizations which have for their object the sale of liquor for the use of their members and others."

Two additional bishops, with authority equal with those already in the field, will be elected by the General Conference to assist Bishop Tuttle in South America.

The report of the committee will be presented to the conference tomorrow by the Reverend Mr. Neely, Bishop of the New York conference, who is chairman of the committee.

Bishop Walden appeared before the committee on Episcopacy to answer charges brought by the Wisconsin conference, that he had exceeded his authority two years ago when he had preached the right to a petition in favor of a candidate.

In defense of his action Bishop Walden stated that he had been misled by the action of the Wisconsin conference, which had not been in the law of the church when he acted.

After the luncheon which was served by the ladies of the various funds were read, the Reverend Mr. Neely, Bishop of the New York conference, who is chairman of the committee, and an appropriate answer was returned.

In the discussion of the reports of the Missionary boards the Reverend Mr. Edgar stated that there were thirty-three copies in the discussion into which the Episcopal Church had never penetrated.

Trillick, president of the Wisconsin conference, presented a report that was applauded enthusiastically for its thoroughness and its practicality.

Doctor Winchester presented a touching report of tribute to the late Mrs. M. E. Winchester, who was a devoted wife and mother, and a faithful worker in the church.

QUESTION LEFT UNSETTLED.

Memorial in Honor of Mrs. Tuttle Adopted—Committees Appointed by the Bishop—Reports of Officials.

The second day's session of the Episcopal Diocese of Missouri Convention was inaugurated yesterday morning with prayers by the Rev. N. Bolmer Memorial Chapel of the Episcopal Church. Shortly after 10 o'clock the chairman, Bishop Tuttle, called the business session to order.

The principal business of the day was taken up at a somewhat heated discussion ensued over the memorial presented by Dean C. M. Davis to the clerics, asking that plans be made to increase the episcopate's endowment fund. It developed during the debate that the increase was called for principally to enable the diocese to pay the bishop's salary, which was considerably in arrears.

The debate became very warm, being led by Dean Davis and the Reverend J. R. Brennan supporting the plan, and the Reverend W. W. Fauntleroy in opposition.

Finally it was decided to place the matter in the hands of a committee of five for decision. Over two hours were spent in debating the memorial.

A standing committee of six was elected by the delegates as follows: The Reverend Doctors Winchester, William Short, Carroll M. Davis and Messrs. T. C. Skinner, J. R. Brennan and H. H. Johnson.

Bishop Potter read a letter from the Reverend F. G. Robert stating that he was unable to serve if he were elected to any committee, and he was elected to the committee on the part of the delegates.

After the luncheon which was served by the ladies of the various funds were read, the Reverend Mr. Neely, Bishop of the New York conference, who is chairman of the committee, and an appropriate answer was returned.
